**BIG SCHEMES IN DIFFICULT  
CIRCUMSTANCES**

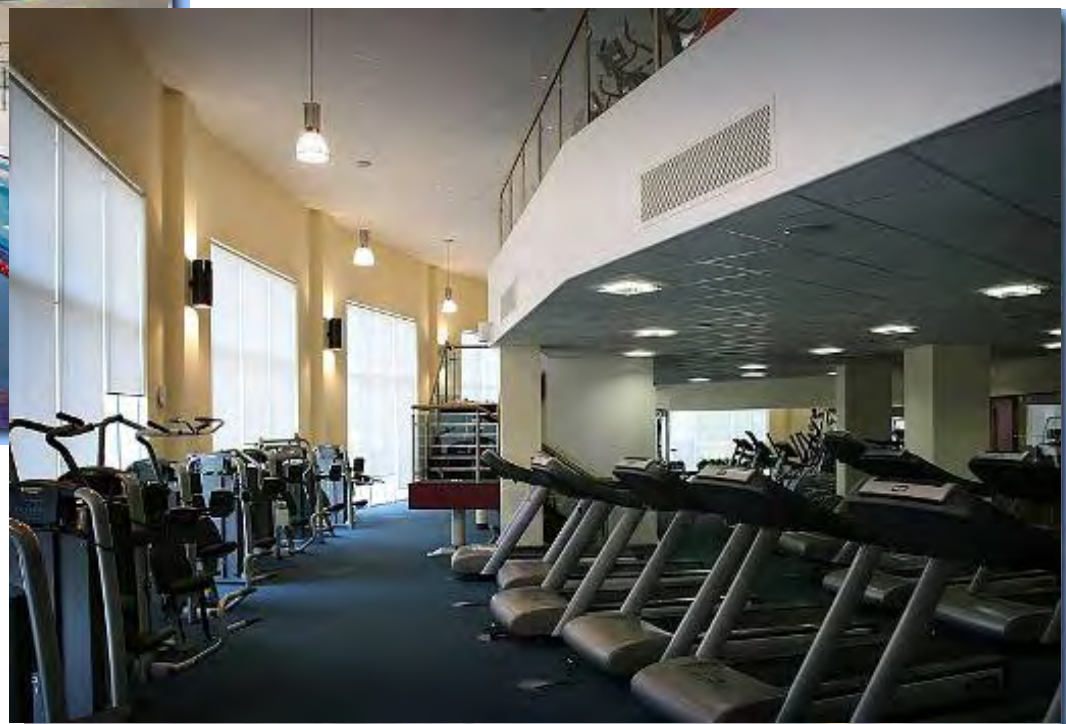

**Rupert Wood  
Regional Director**

Edmonton Green – Aerial

Edmonton Green – Leisure Centre

Edmonton Green – PCT

Edmonton Green – Bus Station

Edmonton Green – Asda

How do you make big schemes happen?

# Conclusion

**Big schemes are a great challenge in good and bad economic times. This recession has left many towns and cities with schemes that have been partly built, stalled or the development partner has walked away.**

**The public sector's contribution does not stop with the successful signing of the DA. It has to stand alongside the private sector partner throughout and help/assist in every way.**
